

# Your Partner for Global Multibank Connectivity.

## Why Partner with Fides?

Why navigate the complexities of bank connectivity when you can focus on delivering value to your clients? With seamless access to over 13,000 banks worldwide, Fides manages your connectivity needs, allowing you to concentrate on what you do best – whether that’s integrating solutions, expanding your portfolio, or providing expert consultancy.

## Outsource the Complexity.

- **Global Reach:** Access over 13,000 bank connections in more than 200 countries, ensuring comprehensive coverage of all major financial markets worldwide.
- **Optimized Workflows:** **ONEPay** and **ONEReport** offer flexible and efficient solutions for global payments and reporting, saving time and resources.
- **Security and Compliance:** Fides ensures the highest levels of protection against fraud and guarantees compliance with international regulations, keeping all your clients’ transactions secure and compliant.

### OUR CORE SOLUTION:

- **ONEConnect:** Connect seamlessly to banks, payment providers, and any systems worldwide.
- **ONEPay:** Secure and efficient management of global payments across multiple formats.
- **ONEReport:** Complete transparency and control with global account information consolidation.
- **ONETransform:** Seamless conversion and enrichment of financial messages.

### SECURITY AND COMPLIANCE:

Fides sets the standard in security and compliance.

- **Highest Security Standards:** Protection against fraudulent activities through comprehensive security protocols.
- **Automated Sanction Screening:** Ensuring adherence to all international regulations, keeping your clients’ transactions compliant.
